## Your Specialist for Complete Equipment of Workstations

**We are your competent partner concerning the equipment of workstations.**

As a producer and wholesaler we offer a premium range of **ergonomic workplace mats**, **ESD-Mats with Accessories** and **Dirt Trap Mats**.

As a German manufacturer, we are very proud of the continuous improvement of our **workplace mats** in the **ESD sector**.

**We are a dynamic team with many new ideas - we are constantly developing our first-class product range and our range of services.**

We get organisation in every hall

Equipment of industrial halls by qualified employees with:

**Floor Markings**  
**Pallet-space Markings**  
**Anti-slip Tapes**  
**Signs, Warning-Signs, Cable Bridges**

Our Innovations developed together with our customers

**Development and custom-made production of:**

**Drawer Platform with extendable drawers for standing workstations**  
Goal: to compensate the difference in height of employees

**Vehicle Installation: Notebook charging stations - lockable**

**From planning to installation – we offer individual solutions on site**

**Modern warehouses and optimized production routes:**

We offer special customer service with short delivery times.

Each product is subjected to careful quality control before leaving our warehouse.

## Quality makes the difference

## SOFT STEP textured - TOPSELLER!

### Anti-Fatigue Mat - Vinylfoam

**Material:** 100% Vinylfoam

**Surface:** textured

**Bottom:** anti-slip R10

**Thickness:** 10mm

**Weight:** 2.800g/m<sup>2</sup>

#### Use:

Dry assembly, packaging and control workstations

#### **Normal stress in 1-shift operation**

#### Edges:

Mechanically bevelled and sealed edges on all sides minimize the risk of tripping

- i** Our basic workplace mat cushions slightly and reduces leg and back discomfort
- i** The textured surface provides a secure hold and prevents slipping, easy cleaning
- i** The mat adapts smoothly and non-slip to the floor
- i** Good insulation against cold from the ground
- i** Reduces impact sound level in the work area
- i** Silicone-free, DEHP- and adhesive-free, recycable

## BUBBLE Rub link

### Ergonomic Rubber Mat - Puzzle System

<b>Material:</b>	100% Natural Rubber
<b>Surface:</b>	Bubble
<b>Bottom:</b>	anti-slip R10
<b>Thickness:</b>	14mm
<b>Weight:</b>	9.200g/m <sup>2</sup>

#### Use:

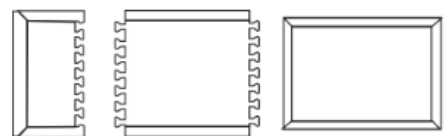

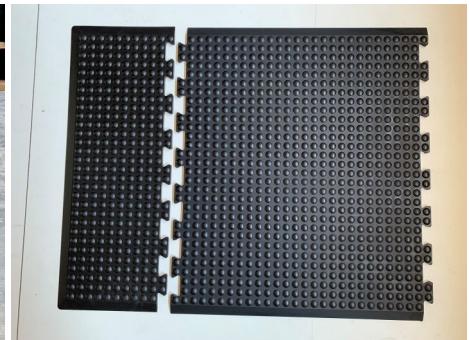

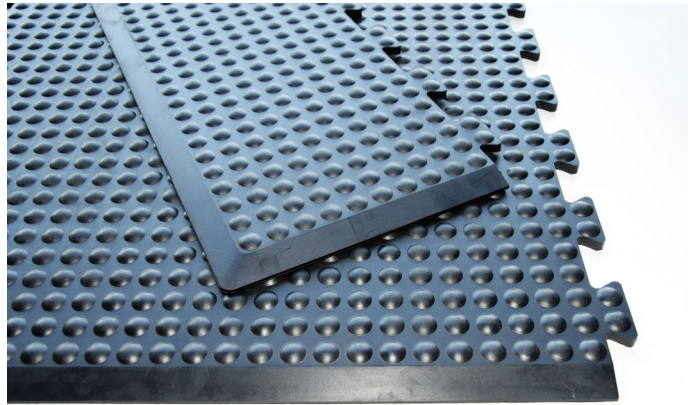

Dry or damp assembly, packaging and control workstations, register area, service area

#### **High stress in 1- to 3-shift operation**

#### Edges:

Bevelled edges on all sides minimize the risk of tripping

- i** Extremely resistant universal rubber mat made of abrasion-resistant natural rubber
- i** Bubble surface provides secure hold and makes rotational movements easier
- i** The length of the runner can be adapted to individual needs by removing or adding centerpieces
- i** Profile on the backside causes ergonomic standing and walking, leg and back discomfort are reduced
- i** Excellent insulation against cold from the ground, reduces noise and vibrations

## WORK Rub - TOPSELLER!

### perforated Rubber Mat / Ring Rubber Mat - bevelled edges

<b>Material:</b>	100% Natural Rubber
<b>Surface:</b>	perforated
<b>Bottom:</b>	perforated
<b>Thickness:</b>	15mm
<b>Weight:</b>	4.800g/m <sup>2</sup>

#### Use:

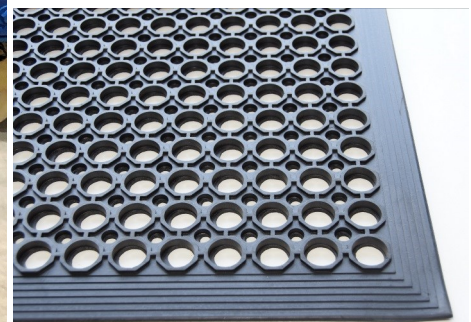

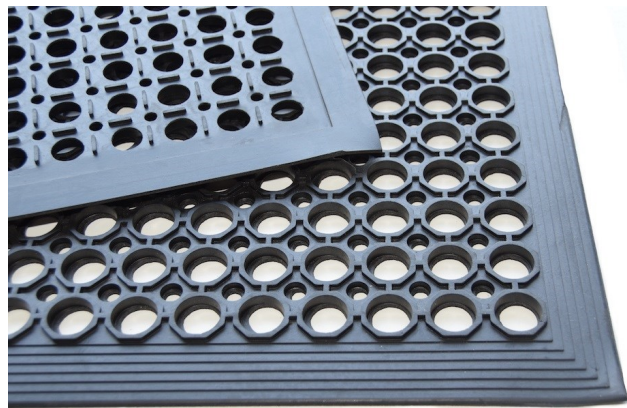

Dry or damp assembly, packaging and control workstations, register area, service area

#### **High stress in 1- to 3-shift operation**

#### Edges:

Bevelled edges on all sides minimize the risk of tripping

- i** Extremely resistant universal rubber mat made of abrasion-resistant natural rubber / nitrile
- i** Two versions: oil-resistant (black) or oil-resistant /nitrile (black or red)
- i** Good drainage through 22mm perforation, moisture can drain off well
- i** Good Standing Comfort, anti-slip R10
- i** Can also be used as a resistant outdoor floor mat
- i** Insulation against cold from the ground

## RELAX FOOT Diamond

### Anti - Fatigue Mat - Polyurethane soft foam

<b>Material:</b>	PUR-Integral Flexible Foam
<b>Surface:</b>	Diamond pattern
<b>Bottom:</b>	anti-slip
<b>Thickness:</b>	12mm
<b>Weight:</b>	4.800g/m <sup>2</sup>

- i** Ergonomics Mat - perfect for standing workstations with frequent rotational movements
- i** Maximum freedom of movement due to flat profile on the top and wave profile on the bottom
- i** Reduces premature fatigue and maintains employee productivity
- i** Noticeable relief at standing workstations
- i** High slip resistance
- i** Extremely durable, easy to clean

#### Use:

Picking workstations, assembly and packing stations with frequent rotational movements

**high Stress** in 1- to 3-shift operation

#### Edges:

Bevelled edges reduce the risk of tripping and enable driving with light transport equipment (sack truck or similar)

B x L in cm	Art.-Nr.

Also available in ESD and/or B1 flame retardant

Special dimensions available

## RELAX FOOT Bubble

### Anti - Fatigue Mat - Polyurethane soft foam

<b>Material:</b>	PUR-Integral Flexible Foam
<b>Surface:</b>	Bubble
<b>Bottom:</b>	anti-slip
<b>Stärke:</b>	14mm
<b>Gewicht:</b>	4.800g/m <sup>2</sup>

#### Use:

Picking workstations, assembly and packing stations with frequent rotational movements

**high Stress** in 1– to 3-shift operation

#### Edges:

Bevelled edges reduce the risk of tripping and enable driving with light transport equipment (sack truck or similar)

- i** Ergonomics Mat - perfect for standing workstations (also with moisture)
- i** Best standing comfort due to bubble pattern on the top and wave profile on the bottom
- i** Reduces premature fatigue and maintains employee productivity
- i** Noticeable relief at standing workstations
- i** Optimum slip resistance
- i** Extremely durable

B x L in cm	Art.-Nr.

Also available in ESD and/or B1 flame retardant

Special dimensions available

## RELAX FOOT Comfort

### Anti - Fatigue Mat - Polyurethane soft foam

<b>Material:</b>	PUR-Integral Flexible Foam
<b>Surface:</b>	Flat Mini-Dots
<b>Bottom:</b>	anti-slip
<b>Thickness:</b>	13mm
<b>Weight:</b>	4.800g/m <sup>2</sup>

- i** Ergonomics Mat for movement-intensive standing workstations
- i** Maximum freedom of movement - flat mini-dots
- i** Reduces premature fatigue and maintains employee productivity
- i** Noticeable relief at standing workstations
- i** High slip resistance
- i** Extremely durable, easy to clean

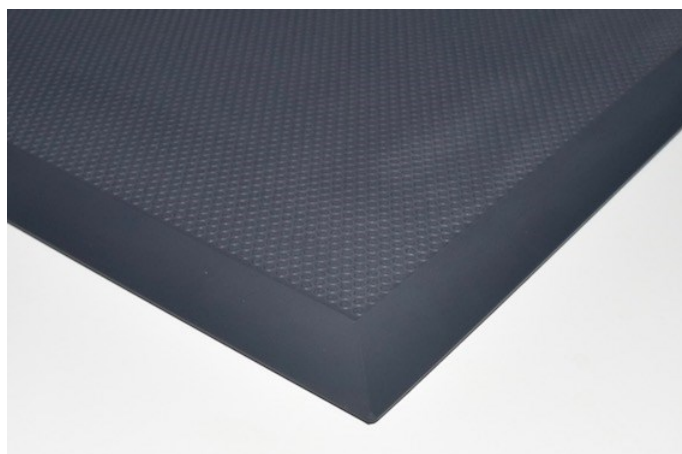

#### Use:

Movement-intensive picking workstations, assembly and packing stations

#### High stress in 1- to 3-shift operation

#### Edges:

Bevelled edges reduce the risk of tripping and enable driving with light transport equipment (sack truck or similar)

B x L in cm	Art.-Nr.

## RELAX FOOT Comfort - linkable

### Anti - Fatigue Mat - Polyurethane soft foam

<b>Material:</b>	PUR-Integral Flexible Foam
<b>Surface:</b>	Flat Mini-Dots
<b>Bottom:</b>	anti-slip
<b>Thickness:</b>	13mm
<b>Weight:</b>	4.800g/m <sup>2</sup>

#### Use:

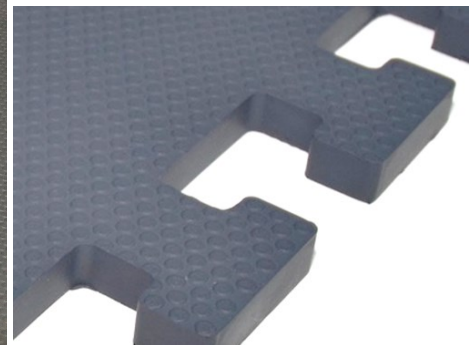

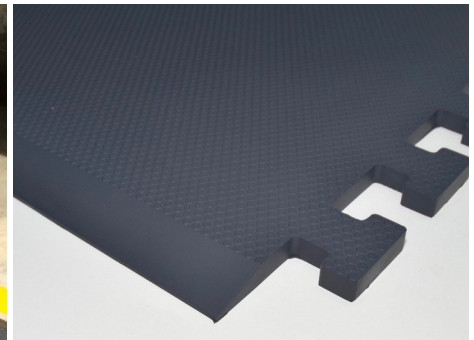

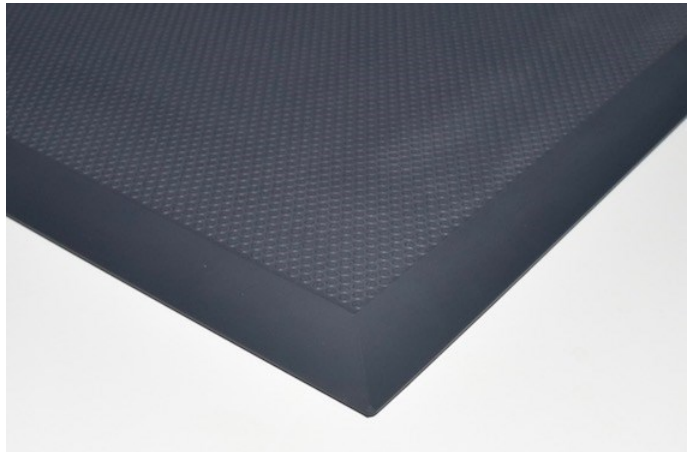

Movement-intensive picking workstations, assembly and packing stations

#### High stress in 1- to 3-shift operation

#### Edges:

Bevelled edges reduce the risk of tripping and enable driving with light transport equipment (sack truck or similar)

- i** Ergonomics Mat for movement-intensive standing workstations
- i** Link system: laying of endless lanes possible
- i** Reduces premature fatigue and maintains employee productivity
- i** Noticeable relief at standing workstations
- i** High slip resistance
- i** Extremely durable, easy to clean

## ELEKTRA

### ESD - Anti-fatigue Mat with press stud

<b>Material:</b>	Polyvinyl chloride and nitrile rubber mixture
<b>Surface:</b>	textured
<b>Bottom:</b>	anti-slip R10
<b>Thickness:</b>	10mm
<b>Weight:</b>	2.800g/m <sup>2</sup>

#### Use:

ESD-Workplaces

#### **Normal stress in 1- to 2-shift operation**

#### Edges:

Mechanically bevelled and sealed edges on all sides minimise the risk of tripping

- i** Comfort Protective Mat for ESD-workstations  
Leakage resistance  $10^8$  -  $10^9$  Ohm
- i** Protection of employees and sensitive equipment from static electricity and electric shocks
- i** Electrostatic discharge controlled with ESD-Accessories (p.39)
- i** The Mat cushions slightly and reduces leg and back discomfort - good Standing Comfort
- i** Good insulation against cold from the ground
- i** Silicone-free, DEHP- and adhesive-free

B x L in cm	Art.-Nr.
60 x lfd.cm	7230 5 GR 60

## DUPLEX Pro ESD

### 2-layer ESD-Anti-fatigue Mat with press stud

<b>Material:</b>	PVC layer on thermoplastic vinyl/nitrile foam
<b>Surface:</b>	Diamond pattern
<b>Bottom:</b>	anti-slip R10
<b>Thickness:</b>	14mm
<b>Weight:</b>	6.100g/m <sup>2</sup>

#### Einsatzbereich:

ESD-Workplaces / Heavy Industry

**High stress in 2- to 3-shift operation**

#### Edges:

Bevelled edges on all sides minimise the risk of tripping

- i** Comfort protective mat for ESD workstations  
Leakage resistance  $10^8 - 10^9$  Ohm
- i** Protection of employees and sensitive equipment  
from static electricity and electric shocks
- i** Electrostatic discharge controlled with ESD-Accessories  
(p.39)
- i** High ergonomics, significant relief at standing  
workstations
- i** Excellent insulation against cold from the ground
- i** Resistant to fats, oils and most chemicals

## SAFELINE

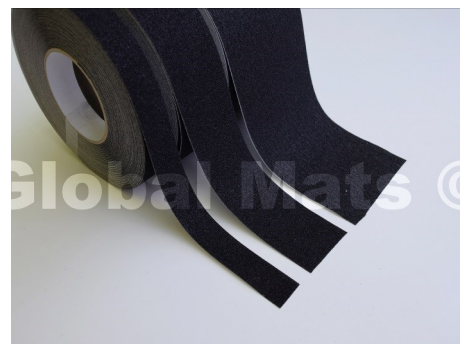

### anti-slip Floor Marking Tapes

**Material:** fine-grained alumina  
**Surface:** mineral-grained  
**Bottom:** adhesive  
**Thickness:** 1mm

**Use:**

Stairs, ramps, danger areas, escape routes, entrance areas with flat surfaces

- i** Deformable safety adhesive tape, suitable for edging
- i** Easy installation without specialist knowledge
- i** Highly adhesive, waterproof
- i** Resistant clear top laminate
- i** Ideal for smooth or wet floors
- i** Highest quality for long durability

## SAFELINE Durable

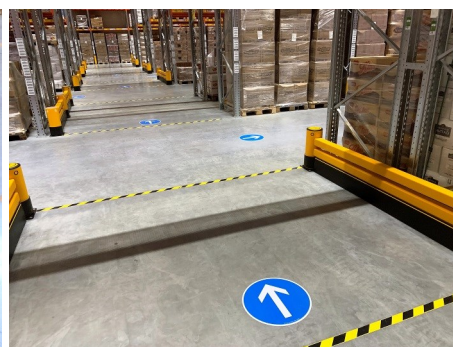

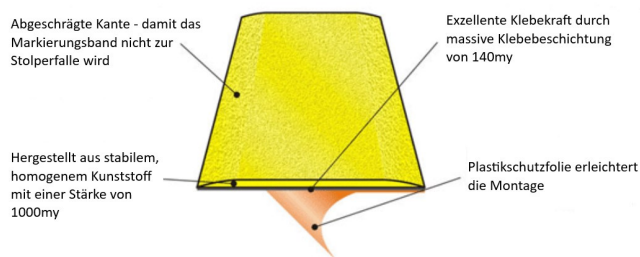

extremely durable Floor Marking Tape - suitable for forklifts

**Material:** homogeneous plastic  
**Surface:** textured  
**Bottom:** adhesive  
**Thickness:** 1mm

**Use:**

**Indoor:** Warehouses, production halls, department stores

- i** Floor marking tape with high material thickness (1000 my) - withstands mechanical stress
- i** Bevelled edges - passable with pallet truck, forklift or cleaning machine
- i** Solid adhesive coating - excellent adhesive strength
- i** Through-dyed tape - high load capacity
- i** Ideal for hall floors with heavy use
- i** Highest quality for long durability

## Knee Pad PRO

### Polyurethane

<b>Material:</b>	Polyurethane
<b>Surface:</b>	ergonomically shaped
<b>Bottom:</b>	no structure
<b>Thickness:</b>	80mm
<b>Weight:</b>	2.000g

#### Use:

Crafts, industry, gardening and workshop

#### Application:

Protective cushion for knee joints: The cushion promotes ergonomic kneeling through anatomically shaped shells

- i** Anatomically shaped knee shells promote ergonomic kneeling - cushioning PUR material
- i** Protects sensitive knee joints
- i** Comfortable knee padding ensures optimal pressure distribution of body weight
- i** Knee pad PRO allows long kneeling without pain
- i** Non-slip, resistant, durable, easy to clean
- i** Carrying handle for easy transport
